Seeking full-time employment opportunities in Porto, Portugal or full remote positions.

Product Management Professional with considerable experience in launching digital products and coordinating them through the lifecycle. Strong understanding of research and delivery processes and tools. Seeking a Product Manager position to design and develop cutting-edge systems while delivering value to business.

Experience

Russian Railways / Senior Product Manager

ONE OF THE WORLD'S LEADING TRANSPORT COMPANIES

DEC 2019 – JUL 2023

Leading the internal innovation team of 58 FTEs, created the first Agile development department in a traditional-approach enterprise. **My work resulted in 4 times velocity increase, \$2M cost reduction and increased stakeholders' confidence in the development output.** Lead all phases of product development in close collaboration with users, researchers, developers, designers, and stakeholders.

Key Product : ecosystem that encompasses electronic document management, statistics, cartographic services, BI, dashboards. I:

- formulated long-term product vision and metrics
- built a compelling product roadmap.
- **attracted 80% of the freight market for the product in 2 years with 10 times CLV increase, 85% satisfaction rate, and 90% retention rate.**

My leadership has been instrumental in the growth and success of the product, ensuring it meets the needs of various stakeholders and continues to evolve in response to market demands.

Side projects as Product Owner: internal mentoring system, conference managing platform, department project management application.

/ Product Specialist

MAR 2019 – DEC 2019

Conducted market research and benchmarking analysis of innovative services in the transport and logistics areas.

Communicated with international partners on national systems connections.

Produced a business plan for improving performance of a company with 3 digital systems: implementation of smart contract system over 5 years, SaaS for freight forwarders and electronic carriage marketplace.

Was responsible for corporate client research, analyzed quantitative and qualitative feedback from freight systems users.

Organized series of trainings and team-building events for corporate clients using own unique live action role play scenarios, targeted to reveal and resolve clients' employees' weaknesses.

Strategic and operational management, financial planning, community management (SMM, content creation), communication with clients.

Key clients: Red Bull, GE Health Care.

MaxConference / Technical Specialist

CORPORATE EVENTS & CONFERENCES
FEB 2009 – OCT 2012

Provided complex tech support and interpretation for conferences.

Achievements & Hackathons

Winner / "Digital Power Engineering "

2021 · Leadersofdigital

Role: Product Management/Designer

Led a project focused on collecting data from various systems within Sheremetyevo Airport and automating the operations of airport services, during adverse weather conditions. My innovative solution aimed to enhance operational efficiency and safety, ensuring smooth airport operations. This project demonstrated my leadership and analysis skills in a high-pressure environment.

Finalist / "IT solutions for urban environment"

2020 · Yandex

Role: Product Designer / UX-Researcher

Made an app that aimed to empower local residents in proposing grassroots initiatives and fostering community-driven urban development. My project facilitated the submission of ideas by the community and their evaluation by local experts residing in the area. I played a key role in creating an intuitive and user-friendly interface that encouraged citizen participation and helped shape the future of the neighborhood.

Finalist / "AR Project"

2018 · Hackjunction

Role: Team Leader

Made an Augmented Reality application designed to assist individuals in performing DIY apartment repairs. Our team's accomplishment as a finalist in the AR Project category underscored my leadership abilities and the potential of AR technology in making everyday tasks more accessible and efficient.

Interests & Volunteering

Travelled extensively and visited all the continental European countries

Hiking (did 700 km Camino Portuguese)

Co-founded summer camp in Smolensk

Volunteered at World Organization of Scout Movement

New media, interactive design
